

**2009 Georgetown
Fill the Boot**

Thank you Georgetown Local #3991 for filling the boot for Jerry's Kids. This year you raised more money than ever before! Your filled boots help to fund over 108 minutes of research to find treatments and cures for the 43 different neuromuscular diseases MDA covers. Firefighters throughout Texas have committed \$3.25 million towards research for the next two years. Your efforts have given hope and help to over 650 families in the Central Texas Area. We couldn't have done it with out you!

Cha-ching! Way to go!
